

Grand Sturdy 30.0 AC

Jahr : 2023

The Grand Sturdy 30.0 AC.

With the small 30.0 AC and Sedan, Linssen Yachts demonstrates that 'space' is a relative notion, and that sailing characteristics do not depend on dimensions. The 30.0 is a match for the larger yachts in the Grand Sturdy series. Everything that makes a Linssen a Linssen is present, but in this case on a yacht of 'just' 10 metres. The styling and the interior for the new 30.0 series have been created in collaboration with KesselsGranger DesignWorks.

Excellent sailing characteristics

The 30.0 AC and 30.0 Sedan are two stable and easily manoeuvrable yachts on which you can sail all inland waterways, rivers, canals and lakes of Europe. However, taking the roundabout route along sheltered coastal areas is also possible with these latest Grand Sturdy models.

4+2 sleeping berths

The AC version of the Grand Sturdy 30.0 has a fore and aft cabin with a double bed. Four people can sleep comfortably on board. The fore cabin has a toilet, a separate shower and various cupboards. The aft cabin has a spacious cupboard on the port side.

Steer outside (AC) or steer inside (Sedan)

On board the 30.0 AC, the helmsman's position is on the upper deck in the open air. For extra protection, the folding roof can be closed from behind by means of a removable section. On board the 30.0 Sedan, the comfortable helmsman's position is located on the starboard side in the saloon.

Saloon as an interior living area (AC, Sedan)

The saloon has a spacious layout and is the central interior area of both versions of the Grand Sturdy 30.0. There is a large bench on the starboard side and a galley with cupboards on the port side. On board the Sedan, the saloon and the open cockpit can be turned into one large space by opening the wide double doors.

Aft deck (AC)

What the open cockpit is for the 30.0 Sedan, is the aft deck for the 30.0 AC. The deck has comfortable benches and integrated deck boxes for storage. The bulwark includes a central stern door that provides access to the swimming platform with deck shower.

Length 9m70

Beam 3m35

Minimum air draft 2m45

Headroom FC/saloon/AC 1m83 / 1m94 / 1m87

Draught 1m

Weight 8000 kg

Capacity 8m3

Motor

1x 4 cil. Volvo Penta Diesel / Type D2-50 / 1x 55 kW (50 HP)

Emission compliance: EPA Tier 3, EU RCD Stage II, BSO II

Tanks 240L Diesel / 220L Water / 240L Black water

CE-Classification C (coast)

4+2 sleeping berths The AC version of the Grand Sturdy 30.0 has a fore and aft cabin with a double bed. Four

people can sleep comfortably on board. The fore cabin has a toilet, a separate shower and various cupboards. The aft cabin has a toilet with a washbasin on the starboard side and a spacious cupboard on the port side.

Steer outside (AC) or steer inside (Sedan) On board the 30.0 AC, the helmsman's position is on the upper deck in the open air.
