

## BON VIVEUR

**Price :** 90,000€

**Year :** 2005

Bon Viveur was designed and built specifically for the french waterways and for use by a syndicate of like minded boaters passionate about the french canals. This barge has two double cabins and two bathrooms but it is possible to sleep 8 using the sofabed in the saloon and the convertible banquette in the wheelhouse. Bon Viveur's hull and cabin are built from tough fibre reinforced epoxy composite and the barge is extremely easy to manoeuvre thanks to bow and stern thrusters. The interior is panelled throughout in both solid oak and oak veneer.

**Length** 14.95 m

**Width** 4.00 m

**Draft**  
0.75m

**Air Draft**  
2.95m

**Category** Inland waterways - D

### Engine
