Grand Sturdy 450 AC Variotop

Year : 2023

The Grand Sturdy 450 AC Variotop®. A 500 feeling on a 13-metre yacht.

Is that a Linssen 500 AC Variotop®? That's a logical question if you see the new 450 AC Variotop® approaching in the distance. The similarity with our top model is striking, both inside and outside. The differences can be summed up as follows: 2.70 metres in the total length and only 2 metres in the hull length. That's the biggest difference compared with the 500.
